

GENERATING A DVLA CHECK CODE

A DVLA check code is an eight-character, case-sensitive code that enables a third party to view a driver's record. It is commonly requested as part of the checks carried out when arranging motor insurance.

Visit the DVLA website

Go to gov.uk/view-driving-licence and click 'start now'

Enter your details

Add your driving licence, NI number and postcode. Click 'view now'

Create your code

Click 'share your licence information' and then 'create a code'

Share your code

Send your code and policy number to admin@qmtcommercial.co.uk
